17.00 - 18.00	Thierry VERDIER , <i>Paris School of Economics</i> Disorganization Theory, Repression and Crime Dynamics: A Simple Cultural Transmission Model
20.00	Dinner (<i>by invitation only</i>)

Friday, May 24 2019

8.45 - 9.00

Welcome Coffee – MS002

9.00 - 10.00

Marcus W. FELDMAN, *Stanford University*
Interpreting the Interactions between Genes and Culture

10.00 - 11.00

Ingela ALGER, *CNRS - TSE - IAST* and **Jörgen WEIBULL**, *IAST*
Evolution of Preferences in Structured Populations: Genes, Guns, and Culture

11.00 - 11.15

Coffee Break - MS002

11.15 – 13.45

Barry HEWLETT, *Washington State University Vancouver*
Intimate Living, Cultural Norms, and Social Learning among the Aka and other Hunter-Gatherers

12.15 - 13.15

Lunch - MS002

13.15 - 13.45

Poster Session - MS002
Francisco BRAHM, *London Business School*
The Evolution of Productive Organizations
Nicola CAMPIGOTTO, *University of Siena*
Pairwise Interact-and-Imitate Dynamics
Slimane DRIDI, *IAST*
Plasticity in evolutionary games
Marco SMOLLA, *University of Pennsylvania*
How Cultural Dynamics Affect Population Structure
Omri TAL, *Max Planck (MIS) Leipzig*
Adaptive Bet-Hedging Revisited: Considerations of Risk and Time Horizon

13.45 - 14.45

Paola SAPIENZA, *Northwestern University*
Diversity in Schools: Immigrants and the Educational Performance of Natives

14.45 - 15.45

Mohamed SALEH, *TSE, Université Toulouse Capitole, and IAST*
Marriage, Fertility, and Child Mortality before the Demographic Transition: Evidence from Nineteenth-Century Egypt

15.45 - 16.00

Coffee Break - MS002

16.00 - 17.00

Sabine NÖBEL, *IAST*
Cultural Transmission of Mating Preferences in Fruit Flies

17.00 - 18.00

Herbert GINTIS, *UMass Amherst and Santa Fe Institute*
Inclusive Fitness and the Sociobiology of the Genome

19.30

Dinner (by invitation only)
